

Equity-Linked Issues - Online

A detailed introduction to equity securities, this course covers the types, characteristics and risks of common stock, preferred stock, and other equity-related instruments such as rights, warrants, and convertible bonds. Each type of security is presented from the perspective of both investors and issuers. The course also covers equity indexes, index options and index mutual funds.

This course replicates the content from module 3 of Equities - Online.

This is an asynchronous eLearning course that can be accessed 24/7 from any internet enabled computer. Subscription period for this course is 90 days.
