

CFA® Exam Level I - Evening Review Course

Professional standards on Wall Street increasingly require the CFA charter of its investment and finance professionals but over 80% of those who attempt the series of exams required to attain the designation never succeed. New York Institute of Finance can help!

This comprehensive, weekly course covers all CFA Institute requirements and learning outcome statements, and is covered by New York Institute of Finance's exclusive money back guarantee.

There is no substitute for spending time mastering the curriculum, and courses are to be used as a support to preparation and not an alternative.

Scheduling Note

There will be two "Double-Up Weeks," when the Evening class will be held twice in one week. A final schedule will be distributed at the first class, but the additional sessions are currently scheduled for Monday, November 10th and Monday, November 3rd. Whenever possible, New York Institute of Finance avoids scheduling courses on holidays and religious observances. However, due to the demanding nature of CFA® Exam preparation, review sessions will be held as scheduled. We regret that sessions cannot be rescheduled to accommodate individual delegates.
