

CFA® Level I Mock Exam and Review Session

Just prior to the CFA® Level I exam, NYIF will hold its own mock exam: a valuable study tool for students. The exam includes the most recent Candidate Body of Knowledge and test formats.

The exam will feature a full-length, properly formatted practice exam based on the 2010 Learning Outcome Statements® with both a morning and an afternoon section and a detailed answer key with curriculum references, explanations, and calculations.

Students will then spend the following Monday evening at our Live In-Class Review session with one of the instructors - a CFA charterholder who will provide an in-depth explanation of the toughest questions.

Targeted Audience

Any CFA® candidate who wants to test themselves before the actual exam in a real-life situation. Plus, have the opportunity to review and discuss the questions and answers with a CFA charterholder in a live, in-class review.

Advance Preparation

To take the CFA® exam, you must be enrolled with CFA Institute, a global membership association that administers the Chartered Financial Analyst® (CFA) and Certificate in Investment Performance Measurement (CIPM) curriculum and exam programs worldwide.
